

Over the years, I have had the opportunity to hear a lot of "recording artists" perform concerts - but it is rare to find an artist who not only "performs", but actually worships while they are ministering through a concert. Sondra is one of those rare artists. An evening spent in worship with Sondra brings laughter, tears, reflection, and a true face-to-face encounter with the Father. I whole-heartedly recommend Sondra to you. You and your congregation will definitely be blessed by her ministry.

Sondra is an extraordinary talent, but she is more. She is a wondrous person who views her opportunities as a ministry experience. I am persuaded that in the near future, Sondra will be singing on stage with the likes of Gaither Homecoming Family and other professional gospel music artists.

Sondra is an extremely talented artist and she's incredible. She's great live too, so go see her when she's in your area! You'll be glad you did. She's a breath of fresh air.

What an awesome blessing I have received in getting to know the heart of Sondra Burnett! As she shared with the 400 plus women at our retreat through song and her personal testimony, many lives were changed for the better! Jesus Christ was a reflection on her face from the moment she walked in the door, performed on stage, and through her laughter and tears as she shared her life story! If you are looking for a Spirit-filled event, Sondra would be tops in my list!

Sondra set just the right "tone". It was the perfect way to begin the Arkansas Baptist State Convention.

Having been in Music Ministry for many years, Sondra Burnett is one of the most talented and God honoring people in the industry today. Sondra has a heart for God, a giftedness that brings Glory to His name, and a talent that blesses those who hear her sing.

First Baptist Church

(Sondra) was so well received! I pray that God continues to allow (Sondra) the opportunities to minister to hearts as she did to ours. She connected so well with the ladies. We received many positive comments in regards to the evening.
